

Department of Mathematics
May 22-23, 2023 in St. Louis

Washington
University in St. Louis
ARTS & SCIENCES

Partial Differential Equations and Complex Analysis

Honoring and Celebrating the 70th Birthday of Steven G. Krantz

Invited Speakers

George E. Andrews
Penn State University

Richard Aron
Kent State University

Fausto Di Biase
Università degli Studi G.
d'Annunzio, Italy

Harold Boas
Texas A&M University

Der-Chen Chang
Georgetown University

Gordon Chen
Texas A&M University

Liwei Chen
Texas A&M University

Charlie Fefferman (online)
Princeton University

Robert Greene (online)
UCLA

Xiaojun Huang
Rutgers University

Jay Jorgenson
City Univ. of New York

Christer Kiselman
Uppsala University, Sweden

Dima Khavinson
University of South Florida

Loredana Lanzani
University of Syracuse

Greg Lawler
University of Chicago

Songying Li
University of California, Irvine

Bingyuan Liu
University of Texas Rio Grande

Erik Low
University of Oslo, Norway

John McCarthy
Washington University in St.
Louis

Harold Parks
Oregon State University

William Paulsen
Arkansas State University

Vicentiu Radulescu (online)
University of Craiova, Romania

Richard Rochberg
Washington University in St. Louis

John Ryan
University of Arkansas

David Swanson
University of California, Riverside

Rodolfo Torres
University of California, Irvine

C. Eugene Wayne
Boston University

Pavel M. Wojcicki
Warsaw University of Technology,
Poland

Hung-Hsi Wu (online)
University of California, Berkeley

Program Committee

Arni S.R. Srinivasa Rao (program chair)
Augusta University, Georgia

Siqi Fu
Rutgers University

Greg Knese
Washington University in St. Louis

Kaushal Verma
Indian Institute of Science, Bengaluru, India

Brett Wick
Washington University in St. Louis
